

Yüksel has been awarded for the construction and renovation of Mbamou Palace Hotel in Brazzaville, Congo with the contract amount of €25 million. The investor of the project is Government of the Republic of Congo and contract type is “cost-plus-fixed fee”. The gross construction area of the building is approximately 21,000 sqm. and structural & façade cladding activities have been previously completed to a certain extent. Yüksel not only takes the responsibility of converting the existing facility to a five star hotel complex but also performing design studies, finishing works, mechanical-electrical installations, interior design and landscape activities. A contract modification to include a ballroom/restaurant structure along with underground parking facilities is expected to be executed very soon. It is anticipated that the construction will be completed and it will be ready for soft opening ceremony on 30 April 2015.
