

{gallery}building/article\_id\_379{/gallery}

Connected to Çırağan Palace with a service block, the hotel has a total construction area of 35,000 m<sup>2</sup>. The hotel consists of 7 floors with the ground and basement floors. Built to 5-star hotel standards, the hotel block is a reinforced concrete structure resting on pilings. With a total of 320 rooms, the hotel has one king room and 23 suites. The ground floor has a restaurant, two tea rooms, meeting rooms, information desk and 17 shops. This floor also features a wellness club with a sauna, Jacuzzi and indoor swimming pool. There are two outdoor swimming pools along the 750-meter waterfront that runs parallel to the Bosphorus. Çırağan Hotel offers incredible natural beauty, the historic culture of Istanbul and the comfort of a modern hotel.
